

CAPABILITY STATEMENT

HEALTH IT • SCIENTIFIC RESEARCH AND EVALUATION • PROGRAM MANAGEMENT • POPULATION HEALTH

Williams Consulting, LLC (WCLLC) is powered by robust government contracting experience, vigorous innovation, and experience supporting Federal contracts. Based in Catonsville, MD, WCLLC is an SBA certified 8(a), Woman Owned Small Business (WOSB), and HUBZone firm and a leader in population health, scientific research, data analytics, program management, and healthcare information technology (IT), including full life-cycle software development and systems integration.

WCLLC resources include Health and Human Services subject matter experts (SME), population health experts, research scientists, public health analysts, business analysts, data scientists, and health information technologists with deep experience providing support to the Federal government. Our experts are dedicated to executing with purpose in support of our customers' mission and vision. WCLLC leverages a customer-centered approach to modernization and transformation efforts that advance our customers missions across the Federal Government, Local and State Government, and the Commercial landscape.

The WCLLC leadership team has over 50 years of combined experience in IT project delivery, program evaluation, quality and process improvement, training and technical assistance, capacity building, management consulting, help-desk and administrative assistance staffing, grants management, business process analysis and transformation, and health disparities/minority health in urban/rural communities. Our corporate philosophy is simple - consistent use of best practices lead to superior results. Thus, we are committed to leveraging years of experience to deliver high-quality services and support.
